

Our band sizes – **print** and **cut out** to find your size!

Trying on a paper version of our bands is a great way to check your size. (We've found that some children need the large size and vice versa.) Simply print this page on a letter size sheet of paper (8.5x11) and cut on dotted lines to compare the bands sizes to your wrist.

TODDLER = 6.0 inches = 152 mm

CHILD = 7.0 inches = 180 mm

ADULT = 8.0 inches = 202 mm
